

FOR CRITICALLY ILL CALVES

EMERGENCY RESPONSE FOR SEVERE SCOURS

Last Stand® with ImmWave® is a specifically formulated combination of proven technologies, including ImmWave, Encrypt®, targeted egg proteins, micro-encapsulated bacteria, Vitamin B complex and Vitamin D₃. Given orally, all-natural Last Stand with ImmWave targets harmful pathogens in the gut and delivers key components directly into the bloodstream, enhancing the response of the immune system to jump-start recovery.

GUARANTEED ANALYSIS Total Microbial Count: 1.28×10^7 cfu/g
